## Tuesday Sept. 3

*On common sense solutions to gun violence, Jill Prouty stands out from the competition*

Jill Prouty: Supporter of First and Second Amendments

As a legislator, Jill will support common-sense gun legislation like universal background checks, “Red Flag” laws to prevent domestic abusers from having guns, and the repeal of Georgia’s ill-advised campus carry law.

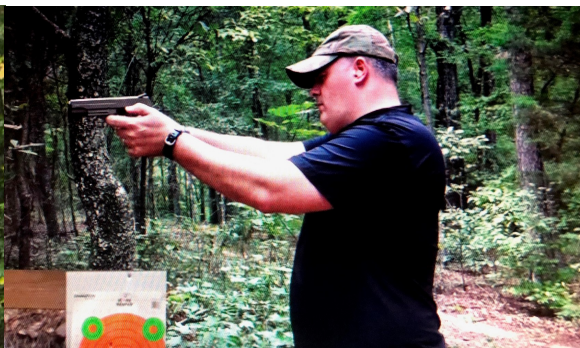

Recent polls show that more than 90% of Americans approve of background checks. Despite this—and even in the wake of mass shootings—Jill’s out-of-the mainstream Republican opponents stand firmly with the gun lobby and against gun safety. “They’re completely unwilling to confront the issue,” Jill says. “They don’t want to do anything.”
